Dear Mr. Chen, Mr. Yang
 CC : Ms. Yong

We are very disappointed at your reply for increasement and AK offer price as well as break mutual rules which is quarterly price basis.

So far, I think that only CPTM asked us increase price, it is really too much different situation than other makers.

For AK price concern, CPTM told us the gab of AK and invar price is \$4~\$5.00 during quarterly meeting in Q1 2006 and Q2 2006.

In Q4, CPTM offer AK price is only \$2.0 difference compare with Invar, it is also unexpected reply.

As we know, some makers offer us even \$7.0 gab between AK and Invar.

How come price gab has huge differences (\$4.0~\$5 ->\$2.0) and the most expensive AK Tube among current LG vemdors ?

For Quarterly price, CPTM shouldn't ask us to break 5years business understanding each other.

Will CPTM want to negotiate monthly base from Q4 2006 ?

Why dose indicate October shipment only in Q4 Quoation which haven't decided yet ?

LG people are disappointed at CPTM current action, it is difficult to go further discussion.

As CPTM wish, LG try to minimize allocation Qty and development and status of development.

14' : Allocation Qty, inform u by monday .

21'F Ak : No development consider in Q4.

29'F Ak : No development in Q4.

29'F invar : Try to minimize Qty.

- October : 7K

- November : After re-adjust Qty first ,let u know soon.

- December : After re-adjust Qty first, let u know soon.

Best Regards,
 SUK

Dear Suk,

We are sure you know very well how the tube price increase from the beginning of this year, and how the shortage happening, no matter in small or medium size, even much more in large size. In fact, the demand is good for such CRT-maker this year but we still facing big loss due to material cost up problem and insist to keep the price whole quarter, i.e. the operation between CPTM and LGE.

As we know, every CRT-Maker is increasing price since Q2. For 29"RF, It will become higher price in the coming quarter due to big impact from invar mask cost up. Meanwhile, under CEPT agreement, we are sure LGE has fully enjoyed the low import duty rate from using our tube. Therefore, we are confident that the price that we offer to you is the most supportive and competitive price.

We do fully understand your situation, and we try our best to keep your price for whole quarter, even we have stress on facing material price up. Hereby, we attached Oct quotation for your reference.

Looking forward to your continuous support.

Thanks.

Hi, Ms Yong,

How are you ?

For your information, LG TV price is down 6~8% for all inches, should I reflect your CRT tube negotiation ?
For LG quarterly meeting, it is mutual understanding Q price keep in quarterly, not change it every month.
What for do LG and CPTM have a meeting in quarterly if the price were reflected material cost changes every month?

We already explained our situation and current other makers offering LG in Q4.
I think all makers are same situation, but why CPTM only asking us price up ? Is it any reason ?

If CPTM think LG as business partner, CPTM shouldn't ask us increase price in Q4.
At least, CPTM can offer a little bit favor price than Q3.

For 21" F, it should be same as 29" F, could you please consider it again ?
It is beginning stage of development, how can be starting to develop it with higher than current price ?
At least, it should be same as current price.

For 14" IL, I want to keep relationship with CPTM, so keep it some Qty in September even having huge stocks.
However, the price gap is too big, it will be more difficult to keep it continuously. could you please consider it again ?

Hope you won't make us disappointed it again. Look forward to hearing your reply by thursday.

We hereby confirm your Oct price - 29"RF (CIF India/Vietnam): \$71.5 (CIF Thailand/Indonesia): \$69.5. For Nov and Dec, price will be review in Oct. Meanwhile, for 14" and 21"RF, we will keep the price for whole quarter: 14" - CIF\$17.8 (India) 21"RF - CIF\$33 (Thailand). We understand your situation, but please also understand our difficulties. Judgment

COURT OF 's-HERTOGENBOSCH

Civil Rights Sector

Petition number: 137743/FT-RK 06.140

Bankruptcy number: 06/74 F

Judgment bankruptcy declaration with withdrawal of moratorium

Decision by the Court of 's-Hertogenbosch on the petition submitted on January 30, 2006 by solicitor mr. A.A.M. Deterink, administrator in the moratorium below, concerning the withdrawal of the moratorium under simultaneous declaration of bankruptcy.

Preamble:

By decision of this Court of January 27, 2006, temporary moratorium is granted to:

the private company with limited liability

L.G. PHILIPS DISPLAYS HOLDING B.V.,

with its registered office and place of business in 5651 CA Eindhoven, Zwaanstraat 2 a, registered with the Chamber of Commerce in Eindhoven under number 17134006,

with the appointment of mr. F.H.E. Boerma, judge of this Court, as magistrate and mr. A.A.M. Deterink, attorney and solicitor in Eindhoven, as administrator.

The Court has been informed of the list containing the income and debts of the estate.

Now that the director of the company, P. Verhagen, has co-signed the abovementioned request, he was not called to be heard at the request.

Evaluation:

The Court is of the opinion that the list of the estate is such that the maintenance of the moratorium is no longer desirable, and that it is not expected that in time the debtor will be able to pay its creditors.

Furthermore, facts and circumstances were observed which show that the debtor is in a situation where it has stopped making payments. Considering paragraph 1 preamble and under 5, as well as paragraph 4 of article 242 of the Bankruptcy Act, this gives rise to the Court to issue the following decision.

UBZ

Case number: **137743/FR-RK 06.140**

Page 2

Considering article 3(1) of Ordinance 1346/2000 of the Council of the European Union concerning insolvency procedures (hereafter IVO), the Court is authorized to initiate this insolvency procedure now that the center of the main interests of applicant is located in the Netherlands.

Decision:

Revokes the moratorium that was granted to LG.PHILIPS DISPLAYS HOLDING B.V., and declares it to be bankrupt.

Appoints mr. F.H.E. Boerma, judge of this Court, as magistrate and mr. A.A.M. Deterink, attorney and solicitor in Eindhoven, as trustee.

Orders the trustee to open letters and telegrams that are addressed to the bankrupt party.

Orders the clerk of this Court to immediately publish this decision in the Dutch Official Gazette.

Understands that the Netherlands is the Member State within the meaning of article 4 IVO where the insolvency procedure was initiated.

This decision was issued by mr. W. Schoorlemmer, judge, and handed down by him at the public hearing of the aforementioned Court today, January 30, 2006 at 1:37pm, in the presence of the clerk.

vonnis

RECHTBANK 's-HERTOGENBOSCH

Sector civiel recht

Rekestnummer: 137743/FT-RK 06.140

Faillissementsnummer: 06/74 F

Vonnis faillietverklaring met intrekking surseance van betaling

Beslissing van de rechtbank 's-Hertogenbosch op het d.d. 30 januari 2006 door de procureur mr. A.A.M. Deterink, bewindvoerder in na te melden surseance van betaling, ingediende verzoekschrift strekkende tot intrekking van de surseance van betaling onder gelijktijdige faillietverklaring.

Inleiding:

Bij beschikking van deze rechtbank van 27 januari 2006, is voorlopig surseance van betaling verleend aan:

de besloten vennootschap met beperkte aansprakelijkheid
LG.PHILIPS DISPLAYS HOLDING B.V.,
statutair gevestigd en kantoorhoudende te 5651 CA Eindhoven, Zwaanstraat 2 a,
ingeschreven bij de Kamer van Koophandel te Eindhoven onder nummer 17134006,

met benoeming van mr. F.H.E. Boerma, rechter in deze rechtbank, tot rechter-commissaris en mr. A.A.M. Deterink, advocaat en procureur te Eindhoven, tot bewindvoerder.

De rechtbank heeft kennis genomen van de staat inhoudende de baten en de schulden van de boedel.

Nu de bestuurder van de vennootschap, P. Verhagen, voormeld verzoek van de bewindvoerder mede heeft ondertekend, is hij niet opgeroepen om op het verzoek te worden gehoord.

Beoordeling:

De rechtbank is van oordeel dat de staat van de boedel zodanig is gebleken dat handhaving van de surseance van betaling niet langer wenselijk is en dat het vooruitzicht dat de schuldenaar na verloop van tijd zijn schuldeisers tevreden zal kunnen stellen niet bestaat.

Voorts is gebleken van feiten en omstandigheden die aantonen dat de schuldenaar verkeert in de toestand van te hebben opgehouden te betalen. Dit geeft de rechtbank, gelet op lid 1 aanhef en onder 5 alsmede lid 4 van artikel 242 van de Faillissementswet, aanleiding tot het geven van de navolgende beslissing.

Zaaknummer: 137743/FT-RK 06.140

blad 2

De rechtbank is gelet op het bepaalde in artikel 3 lid 1 van de Verordening 1346/2000 van de Raad van de Europese Unie betreffende insolventie procedures (hierna IVO) bevoegd deze insolventieprocedure te openen nu het centrum van de voornaamste belangen van verzoekster in Nederland ligt.

Beslissing:

Trekt in de op 27 januari 2006 aan LGPHILIPS DISPLAYS HOLDING B.V. verleende surseance van betaling en verklaart haar in staat van faillissement.

Benoemt tot rechter-commissaris mr. F.H.E. Boerma, rechter in deze rechtbank, en tot curator mr. A.A.M. Deterink, advocaat en procureur te Eindhoven.

Gelast de curator om de aan gefailleerde gerichte brieven en telegrammen te openen.

Beveelt dat door de griffier van deze rechtbank onverwijld aankondiging zal worden gedaan van deze beschikking in de Nederlandse Staatscourant.

Verstaat dat Nederland de lidstaat in de zin van artikel 4 IVO is waar de insolventieprocedure is geopend.

Deze beslissing is gegeven door mr. W. Schoorlemmer, rechter, en door hem uitgesproken ter openbare terechtzitting van de rechtbank voornoemd van heden 30 januari 2006 te 13:37 uur, in tegenwoordigheid van de griffier.
